Nevada Department of Taxation

2016 Instructions for Commerce Tax Return

General instructions

Purpose of the form

Use Commerce Tax Return Form to report the gross revenue from engaging in business in Nevada and deductions of a business entity to arrive to the amount of Nevada Commerce Tax for 2016 taxable year.

Who must file

Each business entity, including sole proprietorships, that is engaged in business in Nevada, unless specifically excluded by the law, has to file the Commerce Tax return. The Commerce Tax return must be filed even if there is no tax liability due.

Specifically excluded by the law from filing requirements:

- Natural person, unless engaged in a business and files Schedule C, E (Part 1) or F with the federal tax return;
- Governmental entity:
- IRC section 501(c) or NRS 82 or NRS 84 non-profit organization;
- Credit Union;
- Certain non-business trusts, including REITs and REMICs as defined in IRC;
- Passive entities:
- Entity that solely manages intangible investments;
- Entity participating in exhibition in Nevada and is not required to obtain a business license pursuant to NRS 360.780.

Taxable year

The taxable year is July 1, 2015 through June 30, 2016. If the business entity ceases to exist before the end of the taxable year, input the date the entity ceased to exist in the second box of line "For the taxable year... through". The box "Final return" should also be checked.

When to file

The Commerce Tax return is due on August 15, 2016.

Where to file

Return can be filed electronically or on a hard copy.

To file electronically go to: http://tax.nv.gov/

Accounting method

The accounting method for the purposes of determining the amount of the Commerce Tax must be the same as the method used for federal income tax purposes.

Recordkeeping

Each person responsible for maintaining the records of a business entity shall:

- Keep such records as may be necessary to determine the amount of the liability of the business entity for Commerce Tax.
- Preserve those records for 4 years or until any litigation or prosecution pursuant to the Commerce Tax law is finally determined, whichever is longer; and
- Make the records available for inspection by the Department upon demand at reasonable times during regular business hours.

Amended return

If you later realized you made a mistake in the originally filed Commerce Tax return, you must file an amended return. The box "Amended return" should be checked.

Extension to file

You may apply in writing to the Department for a 30-day extension, if you have good cause. No penalties or late charge will be imposed for failure to pay the Commerce Tax at the time required, but the interest at the rate 0.75% per month will be charged on the late payment unless otherwise provided in NRS 360.232 or 360.320.

Who must sign

The return must be signed by the business entity's authorized representative. Indicate the name, the title, and the contact phone number of the authorized representative.

NAICS code

The NAICS code is selected on the first return the business entity files. Use the North American Industry Classification System website to determine your NAICS code at http://www.census.gov/eos/www/naics/.

If your business is engaged in multiple business activities, the NAICS category code is based on the category in which the highest percentage of its Nevada gross revenue is generated.

Match your NAICS code selected to the NAICS category codes/Tax rates chart on page 7 of the Instructions.

Once the NAICS code is selected, it may be changed only upon obtaining permission from the Department. Refer to section 3 of the Proposed regulations for the details.

Use of estimates

For the calculation of the uncompensated care amounts refer to section 6 of the Proposed regulations.

If you rely on the most recent federal income tax return for calculation of revenue for the Commerce Tax, check the box "Estimates used". However, you will have to file an amended return, once the true amounts become available.

Alternative situsing method

If the situsing rules of the Commerce Tax law or Proposed regulations do not fairly represent the extent of the business conducted in Nevada, the business entity may utilize an alternative method of situsing. The alternative method should be reasonable, consistent, uniformly applied and supported by the records.

Check the box "Alternative situsing method", if you used an alternative method to situs the revenue.

Line-by-line instructions:

LINE #	INSTRUCTIONS	EXAMPLES			
Line 1	Sale of inventory Include sitused to Nevada revenue from the sale of	Situsing of personal tangible property sales revenue			
	inventory. The inventory is the property that is held for sale in the ordinary course of business. It may consist of tangible property, real property, securities, etc. Situsing:	example: Barbary Coats, Inc. sells raincoats at their Las Vegas store and through the company's website. For the year they generated \$4,800,000 in sales. Out of			
	Tangible personal property: if the sale is deemed to take place in Nevada, revenue from sale of such property is sitused to Nevada (similar to the Nevada sales & use tax rules; refer to NRS 360B.360).	state sales consisted of the following: • Oregon Sales \$2,200,000 • Washington Sales \$2,500,000 Total Sales \$ 4,800,000 - Oregon Sales \$2,200,000 -			
	Real property: if real property is located in Nevada, revenue from sale of such real property is sitused to Nevada.	Washington Sales \$2,500,000 = Sitused to Nevada Gross Revenue \$ 100,000.			
	All other inventory: the situsing is based on the physical location of the purchaser, or an alternative method can be used.				
Line 2	Service performance				
	Include sitused to Nevada revenue from the performance	Situsing of service revenue example :			
	of services. Situsing: Transportation: revenue is sitused to Nevada when	Beagle, Inc. is a mobile dog groomer located in Mesquite, NV. Several times a month the owner travels to St. George, UT to provide services at the customers' homes.			
	both origin and destination of the trip are located in Nevada.	The company has \$27,000 in total revenue, \$12,000 of which was earned on the trips to Utah.			
	 All other services: in general, the situsing is based on the location of purchaser's use or benefit from service. For specific situsing rules for services refer to section 10 of the Proposed regulations. 	Total Service Revenue \$ 27,000 - Revenue from Utah customers \$12,000 = Sitused to Nevada Gross Revenue \$ 15,000.			
Line 3	Rents, royalties and leases				
	Include sitused to Nevada revenue from rents, subrents, royalties, leases and subleases. Situsing: Real property: if real property is located in Nevada, revenue from rents and royalties is sitused to Nevada. Tangible personal property: if rent or subrent, lease or sublease of tangible personal property is to take place in Nevada, the revenue from such rent, or subrent, lease, or sublease is sitused to Nevada (see NRS 360B.365 and 360B.370).	Situsing of tangible personal property rent revenue example: Tahoe Rentals, Inc. is located in Carson City, NV. It rents paving equipment to one of the customers. The customer is paving the road between Reno, NV and Sacramento, CA. It uses Tahoe's equipment paving a two mile stretch of road in Truckee, CA. Tahoe Rentals receives \$4,500,000 for the equipment rental during the year. Total Rental Revenue \$ 4,500,000 - Property used in CA \$4,500,000 = Sitused to Nevada Gross Revenue \$0.			
	If a lease or sublease, rental or subrental of real property or tangible personal property is treated as a sale for federal income tax purposes, then the receipts from the transaction are sitused in the same manner as a sale.				
Line 4	Interest income from credit sales and loans				
Line 5	Include sitused to Nevada interest income from credit sales and loans. The situsing is based on the location of purchaser's use or benefit from service, or an alternative method can be used.	Situsing of interest income from loan example: Best rates, LLC is located in Long Beach, CA. It makes car loans to the customers in California and Nevada. During the year the total interest revenue on the loans equaled to \$10,000,000, including \$5,000,000 from Nevada customers. Hence, \$5,000,000 is sitused to Nevada.			
Line 5	Damages received from litigation for loss of business in				
	Include sitused to Nevada damages received as result of litigation for loss of business income. Situsing is based on the type of business activity from which the revenue would be otherwise generated. See situsing rules for lines 1-4.	Damages received from litigation example: Burgers, Inc., a Nevada restaurant, sues Bernie's Grills, Inc. for supply of defective equipment. Burgers, Inc. wins the case and is awarded \$1,000,000 for the cost of the defective equipment and \$2,000,000 for the lag in business. The \$2,000,000 damages from lag in business are reportable for Commerce Tax revenue.

Interest and penalties worksheet

Penalty charge: If the Commerce Tax return is not submitted/postmarked and taxes are not paid on or before the due date, the amount of penalty due is based on the number of days the payment is late per NAC 360.395 (see table below). The maximum penalty amount is 10%.

Number of days late	Penalty Percentage	Multiply by
1-10	2%	0.02
11-15	4%	0.04
16-20	6%	0.06
21-30	8%	0.08
31+	10%	0.10

Example: the Commerce Tax was due August 15, 2016, but not paid until August 30, 2016. The number of days late is 15 so the penalty is 4%.

Per calendar determine the number of days late the payment is:_____

Determine the appropriate penalty rate from the table above:

Penalty calculation: Commerce Tax due (Line 29): _____ multiplied by rate ____ = ___ Enter the result on line 30.

Interest calculation: Commerce Tax due (Line 29): _____ multiplied by 0. 75% = ____ Enter the result on line 31.
